Ward trolley and mobile office – the new EASYcare Trolley line from BLANCO is an all-in-one solution. Workplace, desk, computer cabinet, filing cabinet and storage space. Thanks to its new design, it's a very lightweight. See for yourself the quality, and high level of comfort of the new line.

Versatile in use.

EASYcare is perfectly tailored to the needs of medical staff providing nursing care and for attending to patients in Healthcare facilities. Depending on whether you work with files or digitally with a laptop, our new models in three sizes provide you with the optimum configuration for doing your rounds.

All trolleys provide an ideal workplace at an ergonomical height.

- **Exactly what you need:** With the modular design principle, you can also configure the trolley that best meets your needs.
- **Light yet strong:** EASYcare makes it easier for you to go on your daily rounds in everyday operations. The trolleys are sturdy, lightweight, easy to manoeuvre and can withstand all kinds of loads.
- **As you like it:** We can offer you a choice of 17 colours for the standard model. Drawers can also be produced with a wood finish or in stainless steel.

All you need for your rounds

EASYcare is adaptable to your needs.

You can configure the interior of an EASYcare Trolley on the modular principle from a variety of equipment possibilities.

The dimensions of all trolleys are adapted to the ISO modules, so that drawers and ISO modules can be combined at any time.

Strong but light.

Its special light design makes EASYcare simple to manoeuvre but still extremely robust.

Its sturdy frame structure provides optimum stability combined with a light weight. This makes transport easy and comfortable.

For greater freedom of design.

We offer you a wide range of 17 colours for the powder-coated sheet steel body.

In addition, 12 attractive wood designs or a stainless steel finish is available for most front panels.

Of course, a completely customized colour is also possible at an extra cost.

Greater freedom of design

For almost all front panels, you can choose either a powder-coated sheet steel design or one of 12 wood finishes.

Practical notebook compartment

Opens at the side, with integrated sockets and sufficient space for a notebook and mouse. Ready for securing with a Kensington lock.

The right model for every application.

EASYcare: Everything you need.

EASYcare is available in three sizes, and also for ISO module equipment.

Designed with an ergonomic height, the interior offers you all the freedom you need for making your rounds efficiently - regardless of whether you work with patients' files in file racks, or need space for x-ray pouches or a notebook compartment.

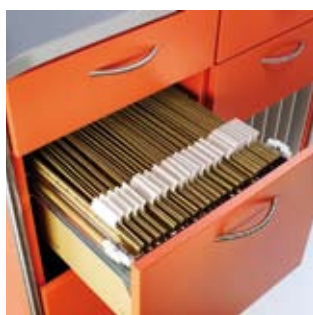

The following equipment modules are available to you with EASYcare:

- Drawers with drawer boxes
- Drawers with hanging frames for ISO modules
- File rack with full extension
- X-ray pouch filing cabinet
- Beverage crate drawer
- Notebook compartment
- Hinged doors
- Open compartments
- CD insert

Space for X-ray pouches

Well sorted and right at your fingertips - for a quick overview during rounds and meetings.

Space for patients' files

File rack with full extension for optimum handling. A reliable mechanism prevents it from opening by itself when the trolley is moving.

Handles for secure handling

Whether it's a curved or an angular U-handle - EASYcare offers you two rugged, ergonomic handle versions to choose from.

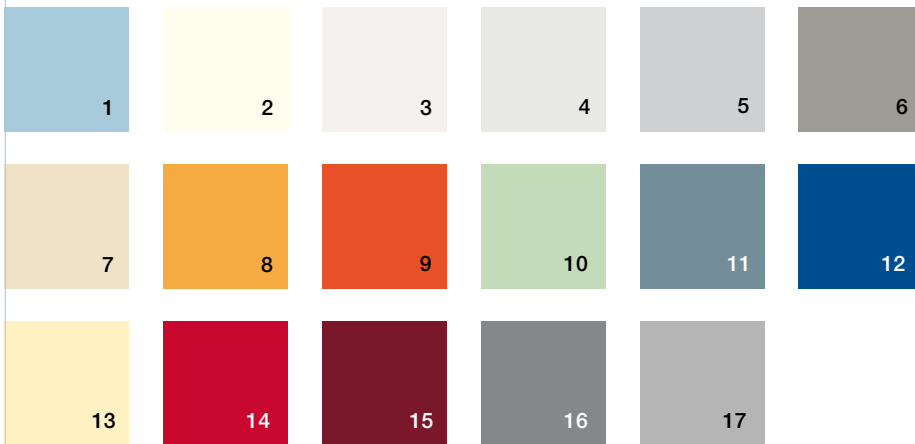

Clever accessories

The innovative fastening system MEGAclick allows the flexibility to attach accessories on the outside of the trolley.

As you like it.

Your choice entirely:

The colour range for body and fronts.

Standard colour range for fronts and body made of sheet steel:

- 01 = sea blue BLANCO 5701
- 02 = pearl white RAL 1013
- 03 = pure white RAL 9010
- 04 = grey white RAL 9002
- 05 = light grey RAL 7035
- 06 = platinum grey RAL 7036
- 07 = light ivory RAL 1015
- 08 = pastel yellow RAL 1034
- 09 = salmon orange RAL 2012
- 10 = leaf green BLANCO 6644
- 11 = dove blue RAL 5014
- 12 = ultramarine blue RAL 5002
- 13 = vanilla yellow NCS S0520
- 14 = traffic red RAL 3020
- 15 = brown red RAL 3011
- 16 = grey aluminium RAL 9007
- 17 = white aluminium RAL 9006

- 17 preferred colours (satin finish) are available as standard for the trolley body and all fronts which are made of powder-coated sheet steel. The body and trolley fronts are the same colour.
- All other colours and colour combinations as defined by RAL, RAL design, NCS and the Sikvens colour pattern chart are also available at an extra cost.

Many colours, many possibilities:
Powder-coated sheet steel fronts and body.

**Even more possibilities
with a wood finish or stainless steel front.**

For designing the front panels of

- Drawers
- Beverage crate drawer
- File racks and
- Notebook compartment

12 wood finishes or stainless steel fronts are also available.

Wood finish variants:

- 01 = Belgian maple
- 02 = Lake Constance beech
- 03 = Lorca oak
- 04 = Magnolia pear wood
- 05 = Steamed beech
- 06 = Mediterranean
- 07 = Endert oak
- 08 = Acerola cherrywood
- 09 = Macadamia French walnut
- 10 = Sevilla olive
- 11 = Core beech
- 12 = Salem ash

EASYcare ward trolley with notebook compartment: A wood finish or stainless steel is also available for the front panel. The notebook drawer at the side is always the same colour as the body.

If desired, almost all front panels are available with an attractive wood finish or in stainless steel.

Quick and easy.

MEGAclick - the clever line of accessories.

The right accessories give your ward trolley, the perfect finish. With MEGAclick, you'll reliably find the matching addition.

MEGAclick from BLANCO is an innovative attachment system that is as flexible as the requirements for doing your rounds.

The accessory can be mounted on the right and left side of the trolley. It can be replaced or hooked in at another location at any time - exactly where you need it at that moment. Fast and easy with just a click.

MEGAclick consists of two components. One part is fastened to the side wall of the trolley, the other part directly on the accessory. Just slide both parts into each other and you're done!

The accessories can be mounted on all models of the EASYcare line in just seconds.

Hygienic: Unused accessory attachment points can be covered by a cap.

MEGAclick accessories

	Model designation	Design	Dimensions (W x D x H)	Article No.
1	Garbage container made of CNS 18/10 (AISI 304)	Garbage container with hinged lid, 15 litres capacity	320 x 190 x 410 mm	542 829
	Garbage container made of sheet steel	Garbage container with hinged lid, 15 litres capacity, powder-coated in RAL 9002	320 x 190 x 410 mm	542 828
2	Garbage collector with synthetic lid	With 15-litres synthetic bag	300 x 210 x 430 mm	542 848
	Replacement bags	48 pcs., capacity 15 litres each, on a roll	--	145 240
3	Disinfectant dispenser	For holding a 500 ml container	--	543 102
-	(not shown) Glove dispenser	For 1 pack of gloves, made of CNS 18/10 (AISI 304)	135 x 107 x 200 mm	543 103
-	(not shown) Glove dispenser	For 3 packs of gloves, made of CNS 18/10 (AISI 304)	200 x 107 x 410 mm	543 109

A handle on everything.

Robust handles for safe handling.

EASYcare comes as standard with hygienic, curved stainless steel U-handles. Angular U-handles are also available. The handles can easily be replaced.

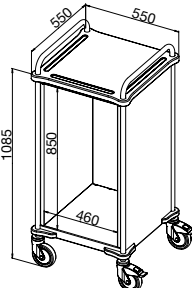

Curved stainless steel U-handle (standard)

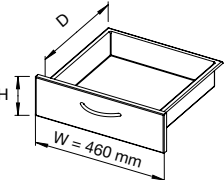

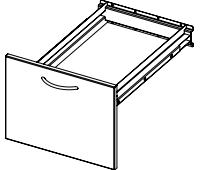

Angular stainless steel U-handle

More advantages.

More stability.

The new ward trolleys are light, but at the same time strong. Great stability is attained thanks to the light design with a robust tubular construction and the special material quality.

More agile.

Ergonomical, maneuverable, optimum handling and, thanks to its modular design, up to all tasks – the functional writing station and workplace for ward rounds.

More space.

EASYcare Trolleys are compact on the outside, and cleverly designed on the inside. There is

space for patient documentation and X-ray pouches in the integrated modules. There is room for a laptop in the integrated and lockable notebook compartment.

More hygienic.

The solid steel lining ensures optimum hygiene. This is particularly important for staff moving between rooms.

More options.

Thanks to the modular design, the useful range of accessories and the large selection of colour and design variants, EASYcare offers you all the options for making your ideas a reality.

You medical technology system supplier. Because quality is the best instrument.
